Neptune Technical & Trading Est. was established in 1986 by the sole owner: *Sameer Ahmed Engineer*, who is one of the Primary owners of Muharraq Engineering Group of companies and is currently managed by his daughter, *Nadia Sameer Engineer*.

Neptune started off by trading safety equipment for oil field, industrial, mechanical and other general products. In 2003, the metal fabrication division opened in order to meet the growing demand of the architectural fabrication needs in Bahrain. The business has been growing each and every year since.

Neptune takes on any type of project from the large & challenging, to the small & intimate. Neptune will help with their professional engineering staff and well qualified technicians, offering at all times a high level of service, excellent finishing quality, competitive prices and prompt time delivery.

Neptune is well equipped with the latest advanced technology to ensure the quality of our work is always to the highest standards.

We specialise in architectural, structural and general fabrication in stainless steel, steel, wrought iron, brass and aluminium.

We fabricate, supply and install:
Staircase & balcony railing,
Wall mounted handrails,
Glass railing, guard rails,
Doors, gates, ladders,
Stainless steel kitchens,
Lift, column and general cladding,
Aluminium composite panel cladding,
Canopy ceilings, handles, signs,
Skirting, framing, bollards, brackets,
and any other custom fabrication.
